

# QATAR AIRWAYS GROUP ENVIRONMENTAL SUSTAINABILITY POLICY

At Qatar Airways Group, we are committed to our responsibility to protect the natural environment and remain steadfast in our ambition to demonstrate environmental leadership. Recognizing the role that our Group plays in supporting the global economic and social development through its operations and procurement activity, this policy is set within the context of environmental sustainability in the global aviation industry and the State of Qatar.

## We are committed to:

Addressing our Green House Gas Emissions and driving innovation throughout our value chain to support the global efforts to tackle **climate change**

Meeting and exceeding industry best practice for **Noise and Air Quality**

**Preventing** both upstream and downstream **pollution**, and meeting compliance obligations and other requirements which Qatar Airways Group subscribes to

Implementing and continually improving our sustainability performance and managing our impacts through robust **Management Systems**

Maintaining a **Zero tolerance** policy towards the transportation of Illegal Wildlife and their products

## We will continue our efforts to:

- Collaborate with the industry bodies and stakeholders to address climate change
- Use energy, water and other natural resources responsibly and efficiently
- Minimise waste generated from our operations
- Raise awareness and promote training of employees and stakeholders on our Environmental Sustainability Policy
- Improve the sustainability of products we purchase across our global operations
- Integrate environmental sustainability requirements into our business planning, procurement, operations and strategies
- Regularly review sustainability targets and availability of resources to achieve objectives and targets
- Monitor and enhance our procedures and protocols to support resource and biodiversity conservation

We will publicly communicate our progress towards our objectives to demonstrate our leadership and commitment to environmental protection and sustainability, while continuing to reinforce trust and transparency.

**Engr. Badr Mohammed Al-Meer**  
Group Chief Executive Officer
