Enhance your client's journey with memorable experiences, available for any stopover package

Discover the Desert and Inland Sea

Extend your clients' journey beyond the city into Qatar's dramatic desert landscape, where rolling sand dunes meet the azure waters of the Inland Sea, one of the few places in the world where the desert and sea converge. Led by experienced desert drivers, this experience delivers a striking natural contrast to urban Doha and leaves a lasting impression.

Discover Doha

Invite your clients to explore the heart of Qatar through curated city tours that take them from the vibrant alleys of Souq Waqif to Doha's most iconic landmarks. The experience highlights the city's heritage, modern architecture, and waterfront views along the Corniche, offering a seamless introduction to Doha.

Doha Sands Beach

Offer your clients a Premium Stopover with access to Doha Sands Beach, a relaxed beach-front retreat designed to balance leisure and activity. With sun-soaked days by the Arabian Gulf, beachside dining, the only outdoor Street Food District, multi-sport courts and so much more, it serves as an ideal coastal compliment to city and stopover itineraries.
