

It's time to rediscover Bangkok

We are pleased to announce that Qatar Airways has started carrying passengers on flights to Bangkok, Thailand.

The current travel restrictions announced by the authorities of the Kingdom of Thailand will allow the following categories of passengers into Thailand conditionally:

- Thai Nationals
- Exempted Persons (permitted or invited by the Prime Minister of Chief Official)
- Diplomats and International Organization Officers
- Family of Thai Nationals
- Certificate of Residence Holders
- Work Permit Holders
- Students
- Foreigners with Medical Appointment
- Foreigners under Special Arrangement

Passengers are required to present a Fit to Fly Health Certificate and a medical certificate with a laboratory result indicating a negative COVID-19 test, using a RT-PCR test that is issued no more than 72 hours before departure.

(*Thai Nationals travelling to Thailand on Qatar Airways are exempted from presenting an RT-PCR test medical certificate. Subject to change without prior notice. Kindly check the regulation before travel.)

It is also mandatory for all passengers to present the Certificate of Entry (COE) at the time of check-in, immigration and with health authorities upon arrival in Bangkok. Additionally, passengers are also required to have a confirmed Alternative State Quarantine (ASQ), self-paid hotel booking on the arrival date. Passengers can select their ASQ from a list of approved hotels on [hsscovid.com](https://www.hsscovid.com)

Please note that all non-Thai nationals must obtain medical insurance or letter from employer guaranteeing that the insurance company or employer will cover a minimum of 100,000 USD (or equivalent in other currencies) of medical costs incurred by the applicant in Thailand, including medical costs in the event that applicant contracts COVID-19.
