

# Quarantine Hotels in Saudi Arabia

Dear Valued Partner,

At Qatar Airways, we continue our commitment to getting you safely where you need to be.

Starting 20 May 2021, the government in Saudi Arabia has announced a new travel requirement, where all passengers will need to undertake 6-night quarantine in one of the specified hotels upon arrival, unless they qualify for an exemption.

Your clients can now book these hotels with Qatar Airways Holidays when travelling with Qatar Airways to Riyadh, Jeddah and Dammam. \*

For your convenience, the hotels are listed by arrival airport. Click [here](#) to select your hotel based on your travel plan.

Please read the **FAQs** carefully and ensure your clients are made aware of the regulations to avoid any inconvenience at arrivals.

For more information, please visit [qatarairwaysholidays.com](http://qatarairwaysholidays.com) or contact your local Qatar Airways Sales Representative

\* For Dammam arrivals, most hotels will be located in Al Khobar. Other terms and conditions apply.

\*\* Please read the FAQs carefully and ensure your clients are fully informed of the regulations to avoid any inconvenience at the arrivals' airports.

Going places together
